

## Would you like to visit us in the Borderland?

Together with our partner organisations, we invite groups from Germany and all over Europe to the region to show them the competences of the German-Danish borderland and the minorities on the ground.

For a comprehensive understanding, it is important not only to get to know the minorities of the German-Danish border region in their institutional structure, but also to talk personally with members of the minorities.

## Connected across borders

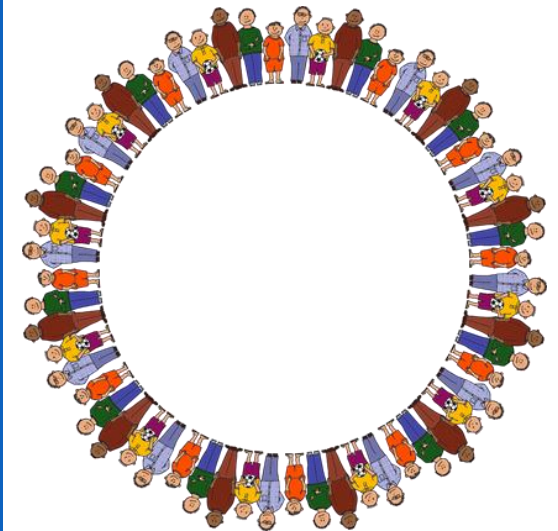

For more German-Danish and Europe-wide understanding: Since 2020, the Minority Competence Network Schleswig-Holstein/South Denmark e. V. (MKN) has been doing important networking work for minorities and the majority population in Schleswig-Holstein, South Denmark and Europe.

Based in the Sankelmark Academy Centre, the regional and cross-border association offers various activities by and for national and regional minorities in the German-Danish border region.
